

KENTUCKY STATE FAIR FOOD VENDOR INFORMATION STATE FAIR TEMPORARY FOOD SAFETY CLASS 2022

The Kentucky State Food Safety Branch and Louisville Metro Department of Public Health & Wellness Food Safety and Protection Program welcome you to the 2022 Kentucky State Fair.

To help ensure food safety and decrease the risk of food borne illnesses during the KY State Fair, we require each concession (including food stands and food booths) to obtain both local and state temporary food service permits and complete a food safety training class online. Each concession is required to post the temporary food service permits and food service training certificates.

The required temporary food service training can be viewed online at:

<https://louisvilleky.gov/government/health-wellness/food-safety>

Vendors can pick up their certificate in Freedom Hall Conference Center (VIP Room I) after completion of the online quiz. The quiz is available in English and Spanish.

Temporary Food Safety Quiz: English
